

AZ Stroke Play Qualifier Cancellation Notice

Pre-tournament qualifiers will be canceled due to low participation. Players who are currently entered into the qualifiers will have provisional status for the championship. Upon full payment of tournament fees, provisional players will be entered into the championship.

As of March 10, at 2 p.m. all players will be eligible to enter and sign-up into the championship. Exempt players will maintain priority status. Non-exempt players will have conditional status based on entry order. Conditionally non-exempt players may have to qualify based on entry order and number of exempt players entering as of March 10.

Once the field size is at 136 players, players, whether exempt or non-exempt, wishing to compete will have to qualify Wednesday, April 14. The remaining 8 spots will be filled through this qualifier.

Players will be notified on April 2, concerning their status and whether they will be required to qualify or not. Players required to qualify that do not qualify for the championship will be refunded their championship entry fee minus a \$60 qualifier fee.
